

## Monkwick Infant School and Nursery

13 January 2020

Dear Parents/Carers,

This half term Year 1 children will be learning about animals as part of the Science curriculum. To enhance this, we want to provide your child with some 'hands on' experience of animals on **Monday 27<sup>th</sup> January**.

To do this we have arranged for 'Wild Science' to come and provide the children with the opportunity to interact with a range of different animals from Freddie the Ferret to Larry the leopard Gecko!

To find out more information about the workshop you can visit: <https://www.wildsci.co.uk/>

To aid this experience we kindly ask you for a voluntary contribution of £5 per child. This will cover some of the cost of your child attending a session where they will be able to hold a range of animals and be provided with knowledge from specialists.

**Please complete and return the permission slip with payment by Wednesday 22 January.**

Kind regards

The Year One Team

---

**Please return permission slips and contribution to the class teacher by Wednesday 22 January.**

I enclose a voluntary contribution of £5 for the 'Wild Science' workshop and give permission for my child to hold a range of animals.
