Dear parents and carers,

We just wanted to remind you of the current restrictions, with regards to the **national lockdown** that is in place. Advice is **not to leave home unless absolutely necessary**. Government guidance states that you should **not** be mixing with another household, unless you are a single parent family and have a support bubble or you have a childcare bubble. A childcare bubble is intended for childcare only and not to mix with another household for any other reasons. These restrictions are now set in law.

Further information can be found at <https://www.gov.uk/guidance/national-lockdown-stay-at-home>

It is vitally important that you stick to these rules to minimise the spread of Covid. Children do make us aware of incidents when these rules are not observed and this causes us great concern. We want to ensure the safety of everyone within our school community; including staff members who have vulnerabilities that they are managing within their own families. We are working hard to ensure that the school is a safe environment for children and staff, and ask that you support us with this by following rules in place.

If you have any questions around this, please do not hesitate to get in touch.

We thank you in advance for your understanding on this matter.
